NOTE

1. In the event of payment being made in foreign currency, either by cash or cheque/draft, there will be a handling fee applied in addition to the charges listed.

Rates and Charges 2025

2024 has seen the first full year of operation of the new South Harbour, with growing traffic, particularly in the cruise and general cargo markets, and the facility is delivering what we all hoped would be a world class addition to the historic North Harbour. Even with this extensive investment, Port of Aberdeen will continue to invest to maintain the port's first-class facilities and work towards achievement of challenging net zero targets will take the forefront, including significant investment in shore power, which we hope to see going live in March. The port remains determined to ensure that we continue to meet the high standards expected of us and to fully satisfy the requirements of our users.

Throughout the last 12 months the port has continued to face significant inflationary pressures both in its day-to-day operational expenses and in the project costs entered into during the period and therefore will be increasing harbour dues by 3.8% across the board with effect from 1 January 2025.

The port will invest capital in the coming year to renew quayside equipment and will continue the program of replacing plant and equipment with more environmentally friendly alternatives, while also making investments in the areas around the new facility to enhance the services currently on offer. It will also be investing money in providing facilities for the 2025 Tall Ships race and ensuring that our harbour infrastructure looks at its best in July.

The port would like to take this opportunity to thank all its customers for their continued support during this pivotal period in the harbour's extensive history.

Jon Oakey
Chief Financial Officer

250 tonnes and over	per tonne	22.07

REGULATIONS

All goods loaded or discharged at the port and not particularly specified in this schedule shall be liable to the charges applicable to such goods therein specified as in the determination of the Board shall be nearest in description and value to such unspecified goods.

If any goods for which charges have been paid on shipment shall from any accident or otherwise be unloaded charges shall not be levied a second time for such goods on being reshipped.

Where any goods have been shipped and the charges therefore paid and such goods are thereafter re-landed within the port by reason of the detention therein of the vessel by stress of weather and are not reshipped such charges shall be repaid by the Board.

There will be no charge for bunkers loaded on to vessels where these bunkers have been imported by sea direct into Aberdeen. In all other cases there will be a charge at the relevant petroleum products rate.

DEFINITION

Ad Valorem – In the case of fish landed in the port the ad valorem charge shall be based on the price at which the fish is sold with the addition of the value of any subsidy or compensation payable to the sellers by the Government or the European Union in respect of the fish sold for other than human consumption.

DEFINITION

Out of Gauge - Cargo item(s) being divisible (assembly many parts) or non-divisible (one piece) which exceeds any of the internal dimensions of an ISO 45 high cube (13.556m x 2.352m x 2.700m). Pipes are excluded.

Where a lift is "out of gauge" and is under 50 tonnes gross weight, the rate relevant to 50 - 99 tonnes will apply.

All heavy lifts of 50 tonnes and over and/or any out of gauge items should be identified on the Cargo Manifest provided to Port of Aberdeen with all dimensions and gross weights detailed.

CHARGES FOR CRANES

£

- | | |
|---|--------|
| (a) Operating on hook (Crane only, excluding operator) - per hour or part thereof | 174.00 |
| (b) Operating with grabs (Crane only, excluding operator) - per hour or part thereof .. | 230.50 |
| The minimum hire period is 6 hours in respect of (a) to (f) inclusive | |
| (c) Cancellation charge when crane is ordered but not employed | 378.00 |

NOTES

1. All cranes are hired subject to the conditions laid down by the Board, details of which are as follows:

CONDITIONS FOR THE HIRE OF HARBOUR CRANES

1. The form must be used for every application for the hire of a crane and must be lodged at the office of the Board. The form must be signed by principals only and must be complete in all respects. No application will be accepted which is conditional on the arrival of a vessel or on the availability of dock labour.
2. Applications will be dealt with as far as possible in the rotation in which the application forms are lodged. When the number of applications lodged exceeds the number of cranes available, the decision of the Harbour Master as to which applications shall have priority shall be final. The Harbour Master shall be entitled to alter allocations of cranes by withdrawal substitution or replacement by other cranes and the hirer shall comply with the directions of the Harbour Master in order to give effect to such alterations.
3. The hirers shall be liable to the Harbour Board for the rates of the hire of a crane and shall pay the same on demand. If required by the Finance Director, the hirer shall pay the rates prior to the commencement of the hire or, if in his opinion the exact amount of the rates cannot be ascertained in advance, the hirer shall make a deposit of such amount as may be fixed by the Finance Director.
4. The lodging of the application form does not entitle the hirer to the supply of a crane and Port of Aberdeen accepts no responsibility for the failure or the delay in the supply of a crane or the breakdown of the crane hired.
5. The hirer shall provide to the satisfaction of the Harbour Master all necessary tackle (including slings, chains, ropes and shackles, but excluding grabs) for attaching to the crane the articles to be lifted. The Harbour Master or Engineering Director shall have, at any time, the right to inspect the equipment and the test records of the equipment. The hirer shall also provide all labour for preparing, fixing and unfixing such tackle.
6. The hirer shall be responsible for appointing a responsible person to be in charge of all operations involving the crane. This responsibility includes ensuring that such operations are carried out in a safe and proper manner.
7. Port of Aberdeen shall be indemnified by the hirer against any claim by any person whomsoever for loss, injury or damage from any cause whatsoever and whether due to negligence or otherwise resulting from the use or operation of the plant hired, the actions of the cranimen or any other servant of the Board and shall satisfy the Harbour Master that he is adequately insured against such loss, injury or damage.

8. The hirer shall be responsible to Port of Aberdeen for any loss sustained by the Port arising from the destruction or loss of a crane or damage thereto during the period of the hire from any cause whatsoever including the negligence of any person for whom Port of Aberdeen is responsible. The hirer shall satisfy the Harbour Master that he is adequately insured in respect of his responsibility under this condition.
9. The hirer shall ensure that every article over one tonne in weight is marked with the correct weight in a manner clearly visible to the craneman.
10. The hirer shall conform to the Safety in Docks - Approved Code of Practice L148, and to all other relevant statutory regulations.
11. The hirer shall ensure that only competent and trained dock workers are used in association with a port crane.
12. The hirer shall ensure that the berth is left clean and tidy after use and that all cargo, cargo handling gear and rubbish are removed to the satisfaction of the Harbour Master.
13. The hire is subject to the Bye-Laws of Port of Aberdeen.

CHARGES FOR WEIGHBRIDGES

	Per Weigh £
Not exceeding 10 tonnes gross	5.97
Exceeding 10 tonnes but not exceeding 20 tonnes gross	9.91
Exceeding 20 tonnes gross	11.59
Bulk	0.32 per tonne

V.A.T. will be added to accounts for goods not imported or exported through the harbour.

The foregoing charges include the taring of vehicles etc., when required.

CHARGES FOR ITEMS ON QUAYS AND IN YARDS

ITEMS ON QUAYS

Charges for items on quays (Including Fabrication) will be subject to prices on application.

CONTAINERS

	Per Container £
Deposit on quays of containers shipped through Port of Aberdeen	
First 4 weeks	No charge
Thereafter per week or part thereof	18.38
Deposit on quays of containers not shipped through Port of Aberdeen per week or part thereof	18.38

VAT will be charged where appropriate.

NOTES

1. Rates for short term exclusive use of the quayside for vessel and goods operational activities are available upon request.

ITEMS IN YARDS

Prices on application.

These charges will apply regardless of the quantity of items in each area.

V.A.T. will be charged where appropriate.

PERSONS USING A QUAY OR YARD FOR THE STORAGE OF ITEMS DO SO AT THEIR OWN RISK AND PORT OF ABERDEEN WILL NOT BE HELD LIABLE FOR ANY DAMAGE OR LOSS WHICH MAY OCCUR.

CHARGES FOR TRANSIT SHEDS

Storage rates on application.

Each period shall be calculated from the time the goods are placed in the shed.

Persons requiring a shed to be opened or kept open outwith normal working hours shall be charged the amount of the wages paid for such attendance, plus 25%.

V.A.T. will be charged where appropriate.

PERSONS USING A SHED FOR THE STORAGE OF GOODS DO SO AT THEIR OWN RISK AND PORT OF ABERDEEN WILL NOT BE HELD LIABLE FOR ANY DAMAGE OR LOSS WHICH MAY OCCUR.

CHARGES FOR VEHICLES / TRAILERS

For parking of a vehicle or trailer on quays or operational areas per day £
 or part thereof 45.36
 V.A.T. will be charged where appropriate.

NOTES

1. All vehicles and trailers working within the operational areas of the port must have some form of company identification clearly displayed.
2. All authorised users must adhere to instructions given by Port of Aberdeen Operations staff.

PERSONS PARKING A VEHICLE OR TRAILER IN THE PORT DO SO AT THEIR OWN RISK AND PORT OF ABERDEEN WILL NOT BE HELD LIABLE FOR ANY DAMAGE OR LOSS WHICH MAY OCCUR.
